**Unauthorized Access Prevention Plan**

**June 2020**

## Unauthorized Access Prevention Plan

Plans to prevent unauthorized access to and along the Project ROW include the following:

- a. Working with local law enforcement officials in an effort to prevent future trespassing.
- b. Identifying construction and material details of gates and berms.
- c. Identifying existing and proposed gate locations on the Plan and Profile drawings. Final determination of locations of gates and berms shall be made during post-construction assessment of the Facility, in consultation with and acceptance by DPS Staff, NYSEG and, where applicable, NYPA.
- d. Coordination with NYSEG defining applicable individual and shared responsibilities for ROW access as defined in the approved Easement Agreement.
