Re: Case No. 18-E-0765: Petition of NextEra Energy Transmission New York, Inc. for an order Granting Certificate of Public Convenience and Necessity Pursuant to Section 68 of the Public Service Law – Statement of Acceptance

Dear Secretary Phillips:

On February 11, 2021, the New York State Public Service Commission issued a Certificate of Public Convenience and Necessity (“Certificate”) to NextEra Energy Transmission New York, Inc. (“NEETNY”), to construct and operate the Empire State Line Project. Pursuant to Ordering Clause No. 8, NEETNY unconditionally accepts the conditions set forth in the Certificate and reiterates its commitment to abstain from any exercise of vertical market power in the operation of the Empire State Line Project. NEETNY unequivocally recognizes that any exercise of vertical market power by NEETNY may lead to the Commission’s revocation of the Certificate and/or subject NEETNY to financial penalties permitted by the Public Service Law.

Sincerely,

A handwritten signature in black ink that reads "Richard Allen".

Richard Allen
President
NextEra Energy Transmission New York, Inc.
